Welcome to the K18 AI Hair Scan.
Your hair, decoded by biotech and AI!

START MY SCAN

Your data stays private, secure, and 100% yours
[Learn more about how your data is privately used and stored](#)

**Let's decode your hair with AI.
We'll analyze your strands and calculate
your K-Score, a science-based measure of
hair health, rated out of 10.
From this, we'll reveal the precise K18
formula your hair truly needs.**

CONTINUE

YOUR ENVIRONMENT

**Hair health starts with where you are.
We'll scan local UV, humidity, and
pollution levels to understand how your
environment affects your strands.**

Please select your location:

06 — Alpes Maritimes

SHOW US YOUR HAIR

Let's take a quick hair selfie to let the AI scan your texture, color, and damage level.

Tip: Natural light works best.

TAKE MY HAIR-SCAN!

Analyzing your hair's unique biology...

Biotech is meeting AI!

*We're decoding your strand structure to assess strength,
elasticity, and resilience.*

This only takes a few seconds...

Your K-Score is

5.7/10

Your hair shows signs of stress, but biotech repair starts here.

We've identified the perfect match from K18's peptide technology range to restore your hair's inner strength.
